

# Embouchure Tune-Up Exercises

Focus on bringing the corners of your mouth in around the mouthpiece

## 1. Easy finger/embouchure exercises

## 2. Slightly more difficult finger/embouchure exercises

## 3. Advanced finger/embouchure exercises

\* use the fork fingering here

The focus for each of these exercises is to firmly wrap the corners of your mouth in, and around the mouthpiece. Maintain great, steady air support. Look in a mirror to watch the shape of your mouth.
